

SEIF EDDINE JOUL

MECHATRONICS ENG. GRADUATE

+212 631293071 seifjoul@gmail.com Moroccan www.linkedin.com/in/seifjoul

ABOUT ME

Moroccan national born and raised in the UAE, Pursued my studies in Malaysia. Mechatronics Engineering graduate with strong hands-on experience in hardware, sensors, and embedded systems. Passionate about practical engineering, I've worked on real-world projects involving CNC machine restoration and solar-powered control systems.

My final year project focused on LiDAR-camera fusion for object detection and depth estimation, combining computer vision and sensor calibration. I thrive in team environments and leadership roles, having served as Vice President of the International Student Society in my University and directed multiple large-scale campus events.

With a strong foundation in problem-solving, sustainable tech, and experience in both engineering and event management, I bring a unique mix of technical skills and interpersonal strength.

SKILLS

Team Leadership

Adaptability

Problem solving

Computer Literacy

Electric Engineering

LANGUAGES

English

Arabic

French

EDUCATION

2020 - 2024

Bachelor of Mechatronics Engineering

Attended, Adapted and Graduated. Grew as a Person and Student. Achieved a Deans List Certification.

Universiti Sains Malaysia

Penang, Malaysia

EXPERIENCE

2023 - 2025

Deputy President

Served the Student Body, Led Projects and Teams, Worked with Administration. Left an Impression and Grew as a Person.

USM International Society

Penang, Malaysia

2022 - 2025

Various management and customer service jobs

Assisted in Managing a Newly Opened Cafe, Assisted in Planning and Setting up Event Halls for Large Scale Events, Worked as Waiter in a High Class Restaurant. All Part Time. Learnt Humility, Time & Budget Management and Adaptability.

Morocco, Malaysia

INTERNSHIPS

2023 - 2023

Assistant Engineer

Worked Harder and Smarter Towards my Projects, Learned Sustainability and Craftiness. Improved my Technical and Hard Skills.

Hitronik

Penang, Malaysia

AMBITIONS

I am willing to heavily invest my youth into gaining experience and capital to fulfill my goals. Planning to acquire a Masters degree. Interested and aiming to work in aerospace and energy sectors.
